

Conditional Health Guarantee

Antelope Lake Retrievers

Hips, Eyes, EIC, CNM, and PRA-PRCD

Your Antelope Lake Retriever is NOT guaranteed for temperament, size at adulthood, trainability, accidental death, accidental disability, accidental injury, or any health conditions not specifically covered by this guarantee.

Your Antelope Lake Retriever's hips are guaranteed to be certifiable as Fair, Good, or Excellent by the Orthopedic Foundation for Animals (OFA) between 24 months and 26 months of age. X-rays must be taken by a Board Certified Veterinarian between 24 months and 26 months of age. All paperwork must indicate the microchip identification number as verified by your veterinarian.

Your Antelope Lake Retriever's eyes are guaranteed to be certifiably free and clear from any genetic, vision-damaging eye disease that prevents it from being certified by the Canine Eye Registration Foundation, Inc. (CERF) or by the Orthopedic Foundation for Animals (OFA) up to 24 months of age. Diagnosis must be made by a Board Certified Veterinary Ophthalmologist before 24 months of age, with the veterinarian certifying in writing that the damage is genetic and is not caused by injury or illness. All paperwork must indicate the microchip identification number as verified by your veterinarian.

Your Antelope Lake Retriever is guaranteed to be non-affected by EIC (Exercise Induced Collapse), CNM (Centronuclear Myopathy), and PRA-PRCD (Progressive Retinal Atrophy-Progressive Rod Cone Degeneration). All paperwork must indicate the microchip identification number as verified by your veterinarian.

Any Antelope Lake Retriever who falls under this guarantee and whose owner has followed the guidelines stated above and the provisions stated below will be replaced by a puppy of comparable breeding, same sex and color, and equal price at the discretion of Antelope Lake Retrievers. The purchase price of the dog covered by this guarantee will apply toward the higher price of the replacement puppy should the buyer choose to receive a replacement puppy from a stronger breeding, and/or of different sex and/or color. The buyer must pay the difference. Neither a credit against future or additional puppy purchases, nor a refund of money will be given should the buyer choose to receive a replacement puppy from a lesser breeding, sex, and/or color than that of the dog covered under this guarantee.

Dogs covered under this guarantee are by replacement only. This guarantee covers the purchase price of the puppy only. Any and all expenses incurred in diagnosis, treatment, through return of the guaranteed dog, or through replacement of the guaranteed dog are the sole responsibility of the purchaser.

PROVISIONS

- The dog must be AKC registered by 6 months of age and carry "ALR in its prefix for example ALR wild card"
- The dog must be x-rayed by a veterinarian using O.F.A. procedures and evaluated by O.F.A. between the age of 24 months and 26 months of age. The evaluation results of such x-rays must be reported to Antelope Lake Retrievers within 14 days of the report date along with copies of the x-rays and OFA written report. OFA shall be the sole judge regarding hip dysplasia.
- Eyes must be rejected for certification by CERF or OFA before 24 months of age.
- If the dog has sired or whelped a litter before 24 months of age this guarantee is void. This guarantee is to the original purchaser and registered owner, and is non-transferable to new owners if the dog is sold.

VACCINATION REQUIREMENTS

- Your puppy has been given the first vaccination DHPP (distemper, hepatitis, parvovirus, parainfluenza). Failure to follow the following shot schedule will void all guarantees.
 - o 10 weeks of age: DHPPL Booster(distemper, hepatitis, parvovirus, parainfluenza, leptospirosis).
 - o 14 weeks of age: DHPPL Final Booster (distemper, hepatitis, parvovirus, parainfluenza, leptospirosis) and Rabies Vaccine.
- A Distemper and Rabies booster vaccination needs to be given annually.
- Shot records for all of these vaccinations must be given to make a claim

REPLACEMENT PUPPIES

- If the affected dog is returned to Antelope Lake Retrievers, you are entitled to a replacement puppy of equal value.
- If you choose to keep the affected dog, you must submit a veterinarian letter stating that the dog has been spayed or neutered.
- All freight charges and transportation expenses are to be paid by the owner for both the replacement dog and the dog being returned.
